Subject: Request for info for Administrator's Meeting
ENDANGERED SPECIES ACT.docx
Pollinators.docx

Hi Marietta,

The Administrator is traveling to CO and OK and will be meeting next Tuesday with the Western Growers. The discussion topic will focus on key agricultural concerns under the jurisdiction of EPA.

His team is asking for topics with background materials that may come up. They basically want the write-ups to say what's the issue and why is it important to growers.

Rick wants to include ESA and Pollinators as topics. To save time, I reformatted the budget fact sheets and was hoping you could fill-in the info highlighted.

Unfortunately, we are asked to provide this information by noon today.
